Topic/Unit Planner

Teacher (s): Schuett **Grade: 8th**
Subject: Algebra **Est. Timeframe: Last week of Aug**

Topic/sub-topics	Essential Learning	Standards	Performance Assessment	Strategies
Solving Equations **Major Resources:** Algebra I Worksheets	**Understandings (SWUT):** **(Students will understand that…)** How to solve multi-step equations with integers Using past knowledge to solve equations **Skills (SWBAT):** **(Students will be able to…)** Solve multi-step equations involving addition, subtraction, multiplication, and division Solve equations using distributive property and variable on right side Solve equations where combing like terms is necessary	6B #5 8A #4 (Stage F) 8C #1,2 8D #1,2 (Stage H)	Homework problems Examples Tests/quizzes	Students will complete assigned assignments Students will practice examples with teacher Students will use various methods to solve equations and check solution
